

# Infamous Charge In Report

## Declares Hull; U. S. Could not Have Stopped Japs Except To Become Cowards

By Jack Bell  
WASHINGTON, Nov. 27.—(P)—Cordell Hull today branded as "an infamous charge" the inference in an army inquiry board's report that the note he handed Japanese "peace" ambassadors Nov. 26, 1941 touched the button that started the Pacific war.

The former secretary of state, testifying before a senate-house committee inquiring into the Japanese attack on Pearl Harbor assailed in vigorous language the interpretations made by the army board.

"I sat under that infamous charge for months when every reasonable minded person knew that the Japanese were attempting at that time to get complete control of the Pacific," Hull declared.

"Somebody who knows little about what was going on and who cares less, says 'Why didn't the United States make concessions and keep us out of war?'" he continued.

"Any reasonable person knows that the Japanese were bent on attack and knows that we could not have stopped them unless we had laid down like cowards."

Hull earlier testified he had only an unverified report of the attack on Pearl Harbor when he conferred with the Japanese peace envoys at 1 p. m. Dec. 7, 1941.

### Will Call Army Board

Before Hull resumed his testimony, Senator Lucas (D-Ill.) said members of the army board probably will be called to explain their interpretations of testimony by former ambassador Joseph C. Grew. That the Hull note "was the document that touched off the button that started the war," Grew, that the Hull note "was pretation."

During his discussion of the army board report, Hull paused once to remark that if he could express himself in the language he would like to use all "religious-minded" persons would have to leave the hearing room.

The former secretary said in response to a question by Lucas that he had not been called to testify before the army board, but had furnished it with some documents.

He said he had been "gratuitously brought into the report, apparently on the theory that Tojo and the military element moving absolutely with Hitler on world conquest were not doing so and were not guilty, and that this peaceful government . . . with no two ocean navy, forced peace-minded Tojo and Hitler, that bunch of saboteurs, into war."

### Fleet Restraining Influence

Under questioning by Lucas, Hull said the presence of the U. S. fleet at Pearl Harbor must have had some restraining influence on the Japanese and the Germans.

Observing at another point that "diplomatic influence is not much stronger than the military strength behind it," the former cabinet official said that if the United States and Great Britain had been strong militarily in 1933 they could have prevented Hitler from expanding and the Japanese from entering China.

Hull also testified, in response to questioning, that he did his best to keep the war and navy departments advised of the crisis as December 7 approached.

### George's Deductions

Senator George (D-Ga.) also drew from the former secretary's affirmation of these statements:

1. That Hull told fellow cabinet members on November 7 that an attack anywhere by Japan, "at any time" was threatened.

2. That on November 25 he told a war council meeting that the Japanese were "already poised for attack" and the safety of the country rested with the army and navy.

3. That on November 28 he reiterated the statement to another war council meeting, stressing the element of possible surprise.

### District Deputy Russell To Visit Elks Lodge Officially

H. H. Russell, of Warrensburg, district deputy, Benevolent Protective Order of Elks, will make an official visit to the Sedalia Lodge Wednesday night. There will be an initiation of twelve candidates, followed by a social session.

# Senatorial Race to be Key Contest

WASHINGTON, Nov. 27.—(P)—The 1946 senatorial race in Missouri is shaping into what many congressmen expect to be one of the key contests in the nation.

Both parties, they say, will pay particular attention to Missouri because the outcome may have a bearing in event President Truman seeks another term in 1948.

One Missouri congressman, a Republican who asked that his name not be used, expressed the opinion that the Democrats would make an extremely strong fight to win the senatorial seat next year because "it might weaken Truman's chances if he loses a Democratic senator in his own state."

The seat now is held by Senator Briggs, Democrat, who was appointed by Gov. Phil Donnelly last year to fill out the unexpired term of Truman when he took office as vice-president.

The congressman said the Republicans would put up an equally determined fight.

# Mrs. Truman And Daughter At the Opera

## Neither Wore Furs, But Simple Blue Cloth Coats

By Jean Small  
NEW YORK, Nov. 27.—(P)—As Mrs. Truman and Mary Margaret smiled and applauded, the Metropolitan Opera company opened its 61st season last night—with the most dazzling display of diamonds and ermine in years.

Mrs. Cornelius Vanderbilt wore her traditional head-band, Mrs. George Washington Kavanaugh wore diamond bracelets up to her elbow, John Jacob Astor wore a white tie and an opera hat—and New York society knew that once again, all was right with the world.

The annual opening night spectacle of pelts and sparklers was dimmed during the war years, but last night the mighty flung aside wartime modesty and welcomed peace with a lavishness worthy of Diamond Jim Brady and Lillian Russell.

The President's wife and daughter, Mary Margaret, were among the arch-conservatives of the glittering crowd.

Neither wore furs—but simple, tailored blue cloth coats which covered simple, distinguished evening dresses and jewelry consisting only of strands of pearls.

### Trumans Were Early

Moreover, the First Lady and First Daughter arrived—early. (The queen of New York's 400, Mrs. Vanderbilt, arrived at her customary hour—9 o'clock. The opera began at 8.)

The Trumans arrived at 6:45 p. m. to attend a dinner given in their honor by George A. Sloan, president of the Metropolitan Opera association.

In the Truman party were Mr. and Mrs. Earl Stewart of New York City, La. Robert Stewart, U. S. N. R., Capt. Frank Welch of the Royal engineers, and Blevins Davis of New York City.

They dined on breast of baby guinea hen, served by the traditionally red-coated waiters in the Metropolitan club rooms. Mary Margaret wore rustling, jade-green taffeta drawn back into a bustle-bow. Mrs. Truman wore royal blue crepe. They both had orchid corsages.

Veteran opera-goers said it was the first time a First Lady had attended an opening at the Met.

The opera was Wagner's "Lohengrin," presented on opening night for the first time in 20 years.

# Warning to Car Drivers

Automobile drivers are being warned to heed the sirens on fire trucks, ambulances and police cars, otherwise they will be arrested and taken into police court. Numerous complaints have been received by the police from the fire companies and ambulance drivers, of drivers following their vehicles on calls and at other times remaining in the line of traffic instead of pulling to the curb as provided by the city ordinance.

Chief of Police Anson Fennell stated several near collisions have been reported where taxi cab drivers and fire trucks were involved. In the past month the police cars have been hit three times, luckily with only slight damage resulting.

First offenders cannot expect the minimum fine, as City Attorney William Ilgenfritz stated this morning: "Offenders know better than not to heed a siren warning or if any appear in police court, I shall recommend more than the \$5 minimum."

# Occupation of Long Duration

FRANKFURT, Germany, Nov. 27.—(P)—Gen. Joseph T. McNarney predicted today that Germany would be occupied at least ten years and probably longer.

He spoke of a press conference as he assumed command of American troops in the European theater from Gen. Eisenhower, new army chief of staff.

McNarney said the whole army policy would be directed toward turning the military government over to a civilian administration as soon as possible. He said the civilian who would direct the program had not yet been chosen.

Maj. Gen. Harold R. Bull will become chief of staff in the European theater, succeeding Lt. Gen. Walter Bedell Smith. McNarney said Eisenhower had requested that Smith be released within three weeks to assume a new position in Washington.

# Sgt. Ellis Died In Action on April 17, 1945

## Official Notice Received by Relatives Monday

Word has been received from the war department that Sgt. Teddy Ellis, husband of Marvalee Robinson Ellis, 1221 Kentucky avenue and son of Mrs. Helen I. Ellis, 1718 South Stewart avenue, was killed in action in a mission over Bruch, Germany on April 17, 1945. Sgt. Ellis had previously been reported missing.

Sgt. Ellis was born April 1, 1922, in Kansas City, Mo., and moved to Sedalia when a small child. He attended grade school here and was graduated from the Smith-Cotton high school in 1940. He was formerly employed at the Fox theater. On April 5, 1942, he was married to Marvalee Robinson and they resided in Kansas City where they both were employed at the Hall Mark greeting card company.

In September, 1942, Sgt. Ellis entered service and was stationed at Chico, Calif., school for Link instructors, was sent to Tucson, Ariz., in January, 1943 where he was Link instructor at Marana Army Air Field. In June, 1944 he went to Las Vegas, Nev., where he attended gunnery school and then was sent to Tampa, Fla. in September, 1944; then overseas in February, 1945.

### Friend Saw Plane Spin

According to the co-pilot in the plane behind the B-17 of which Sgt. Ellis was a crew member, the planes were flying through flak for about two minutes and the one in front of him was hit about where the No. 2 engine was, thus causing the left wing to fall off. The plane went into a spin and no one was seen to bail out. He did not believe that anyone in the plane could have come out alive.

Sgt. Ellis was a member of the First Baptist church.

Surviving besides his wife and mother are his sister Miss Hazel Ellis of 1718 South Stewart avenue and his grandparents Mr. and Mrs. Harve Ellis, route 1, Beaman.

His father, Van Preston Ellis, a veteran of World War I, died April 9, 1931.

# 15 Children and Bus Driver Die

CHELAN, Wash., Nov. 27.—(P)—Chelan today was a city of sorrow, its beautiful Lake Chelan an icy ore which had swallowed a community of children when an inbound school bus left the road yesterday.

Fifteen youngsters and its driver were carried to death in the deep waters. The town hall stood ready for duty today as a morgue.

Six persons, five children and a woman passenger, escaped. Mrs. Ted Brown, the passenger, said driver Jack Randle, 26, stood up and fought the wheel when the bus struck a rock in the snow-swept road and swerved over a 20-foot bank into the lake.

The bus sank slowly, the air trapped inside delaying its descent. The survivors escaped through windows broken either in the plunge down the bank or by the frantic children. Margaret (Peggy) Rice, 16; Bob Watson, 7; Donnie Mack, 13; Ethel Keck, 10; Mary Stark, 17, and Mrs. Brown got to shore.

Divers who rushed from Grand Coulee dam and Seattle were to resume their search for the sunken bus and its grim load this morning after two of them, brothers Colin and D. S. O'Donnell, went down 160 feet last night without locating the vehicle. At 130 feet they found one body, that of 16-year-old Henry Davis.

Vast, but sleek; luxurious, but ominous appearing, the car gives full expression to the cunning and ingenuity of the enemy defeated in the fields of Europe. In the thick glass and steel sides it expresses the "gangster" brutality that has been stamped out in Europe.

### Rushed the Car

Men of the 101st Airborne Division captured the car after driving the last of Elite SS troopers from their defensive positions at the fuhrer's stronghold. While fire still was being directed on the car, Lieut. Jack G. Holland of Rocky Mount, Va., and three other men of the 506th Parachute Infantry, Tech. Sgt. Thomas F. Meggs of Union county, N. C.; Cpl. Roderick D. Smith of Toccoa, Ga., and Staff Sgt. Frank J. Malik of Detroit, Michigan, rushed the car and drove it away.

It was fully gassed and oiled and poised for a get-away. With true American intuitiveness about all things mechanical,

the paratroopers took the huge machine apart and put it together again—finding many mechanical features that signified typical Nazi distrust of his fellows.

### Master Switch

Under the seat they found a master switch which controlled the electric system by use of a hand lever.

The glass they quickly measured with calipers and found that its two and one-half inch thickness was sufficient to deflect high power fire. Exact weight of the sedan is 10,670 pounds and its total length is 19 feet, one inch. It is seven feet wide—a full foot wider than the automobile that was Hitler's favorite.

Major General Maxwell Taylor, then commander of the 101st Division returned the car to this country and suggested its use in the Victory campaign to the Treasury department. It was loaned to the treasury for this purpose by the war department. General Taylor is now commandant at the United States military academy at West Point.

### Geared for Speed

Herr Goering's massive sedan is geared for speeds in excess of 200 kilometers (120 miles) an hour. Pictures were found of the hefty Goering posing proudly alongside his automobile during the lurid days of Nazi rule. These were found in a glove compartment along with other papers permitting unlimited travel and a special pass for the driver.

The men who will accompany the car here and were responsible for its capture, are all combat veterans with more than two years service overseas. Each has participated in four battle campaigns.

# Fire at Swift's Kansas City Plant

KANSAS CITY, Nov. 27.—(P)—A fire which began shortly before noon and still was defying firemen three hours later today damaged mutton and beef valued at approximately \$100,000 at the Swift & Company plant here.

The blaze started in the top floor of a 4-story warehouse building, where burlap and paper are stored.

# Undergoes Operations At An Early Age

HOUSTON, Texas, Nov. 27.—(P)—The daughter of Mr. and Mrs. A. J. Gee of Shreveport—less than two months old—already has undergone two major operations.

One was an operation to remove a ruptured appendix, the other was to eliminate an intestinal obstruction caused by the appendix.

The child was born Sept. 20. The first operation was performed Oct. 25 and the second Nov. 1.

# Watch Missing

A. E. McMullen, 117 West Second street, reported to the police a watch was stolen from a punch board at his place of business sometime Monday.

# Searching for SAAF Crew Lost at Sea

## Believed to Have Bailed Out Near Oregon Coast

NEWPORT, Ore., Nov. 27.—(P)—Search was underway today for the crew of an army C-46 cargo plane believed to have crashed 16 miles off the Oregon coast with six men aboard.

Lt. E. S. Klock of the coast guard station here reported winds at gale velocity most of the day yesterday and very high seas. A search plane was sent out but was unable to make a successful check of the area due to weather conditions.

The twin-engine craft took off from Oakland, Calif., at 8:45 a. m. yesterday and shortly after noon was over McChord Field, near Tacoma, Wash. After several attempts to find the field, the pilot was advised to proceed to Portlano, Ore., where skies were clear.

At 3:15 the pilot notified ground stations that he and his crew were bailing out near Waldport, Ore., on the coast. The army's direction-finding network located the craft at sea off Florence, Ore., during the day.

The plane is believed to be one that left Sedalia Army Air Field last Friday or Saturday. Members of the crew, when it left Sedalia, were: Captain Hugh B. McMullen, Kansas City, Kas.; Capt. Harlow A. Marsh, Jr., Syracuse, N. Y.; 1st Lieut. Vincent V. Hannah, Big Timber, Mont.; Pfc. Walter A. Smoyer, Bethlehem, Pa.; Sgt. Robert T. W. Neal, Los Angeles. Their next of kin have been notified.

# Two Killed, Ten Injured In Storm

CARUTHERSVILLE, Mo., Nov. 27.—(P)—Two persons were killed and at least ten others were injured, three critically, in a wind storm which swept through Pemiscott county shortly before last midnight.

First reports of the storm damage were received here today from sections to which communication lines were destroyed.

# Sedan, Pride of Reichsmarshal Goering, Here Thursday

Through arrangements completed by the local war finance committee, the men who captured Hermann Goering's car during the storming of Hitler's "Nest" at Berchtesgaden will come to Sedalia Thursday to display the prize of war in the interest of the Victory Loan Drive. The car will be shown on Osage avenue, between Main street and the Missouri Pacific tracks from 5:30 o'clock until 9:30 o'clock p. m.

Members of the Sedalia Business and Professional Women's club will be on hand to sell war bonds to any persons desiring to buy them.

If the weather is unfavorable the car will be shown at the armory.

Vast, but sleek; luxurious, but ominous appearing, the car gives full expression to the cunning and ingenuity of the enemy defeated in the fields of Europe. In the thick glass and steel sides it expresses the "gangster" brutality that has been stamped out in Europe.

# Secret German Activity to Break Treaty

## Disclosed by Americans at War Crimes Trial

By Noland Norgaard  
NUERNBERG, Nov. 27.—(P)—Secret German activity to violate the Versailles peace treaty by the underconstruction of a navy and air force was disclosed today by American prosecutors at the war crimes trial of 20 Nazi leaders.

Documents were laid before the four-power tribunal as evidence that, from his earliest days of power, Hitler falsified public reports of battleship tonnages, built submarines and trained U-boat crews in isolated hideouts in Spain, Finland and Holland and rebuilt the German air force under the guise of a commercial aviation program.

Reichsmarshal Hermann Goering and Grand Admiral Erich Raeder grinned broadly at one point as assistant prosecutor Sidney E. Alderman read from a list of instructors to Nazi diplomats on ways to parry questions of other countries about the reich's rearmament program.

### Sarcastic Comment

The instructions "apparently cause the defendants considerable amusement," Alderman commented to the court.

Charging that German scheming to violate the Versailles treaty started "soon after World War I," Alderman submitted documents which he said proved that in the very month that Hitler came to power, the German navy proposed building a great arms industry by selling munitions to other nations.

The proposal was made in a recommendation signed by Raeder in 1933, he said. The German admiral listened attentively as Alderman read off another memorandum, dated in 1934, in Raeder's handwriting, which said:

"The commander in chief of the navy expresses the opinion that later on the fleet must anyhow be developed to oppose England."

"The fuhrer demands to keep construction of U-boats completely secret also, in consideration of the Saar plebiscite."

### Plans Step by Step

Alderman also presented a secret document detailing early plans to re-occupy the Rhineland in violation of the Versailles treaty—an act which Hitler carried out without opposition in 1936.

Listing step by step German plans for Reich domination of Europe, assistant U. S. prosecutor Sidney S. Alderman said the early schemes were of "modest origin and fantastic nature" but developed into a real threat with the rise of Hitler.

German war preparation, Alderman asserted, "could have been interrupted at several points."

Seven distinct phases of aggression listed by Alderman were: One, period of preparation from 1933-36; two, absorption of Austria; three, grabbing of Czechoslovakia; four, invasion of Poland and beginning of actual war; five, expansion of war to Scandinavia and the Low Countries; six, attack on Russia; and seven, collaboration with Japan and Italy in aggression against the United States.

A new phase of the trial—under the count of the indictment which charges the Nazi leaders with crimes of murder and abuse of civilians—will be opened tomorrow when the court and the defendants will see films of Nazi horror camps.

# Kidnaped Sheriff Home

SPRINGFIELD, Mo., Nov. 27.—(P)—Sheriff Hugh Wilkerson of Dade county, kidnaped early yesterday by his own prisoner, was released last night at Kellyville, Okla., the state highway patrol reported.

According to the patrol, Sheriff Wilkerson arrested John Harvett Bugg, 28, in a Greenfield, Mo., barber shop for Los Angeles Calif., authorities on a forgery charge. The two took Bugg's automobile to drive to the county jail and disappeared.

Yesterday afternoon A. Cozard Carthage, Mo., taxi operator, picked up two men, one of whom ordered him to drive east on highway 66 toward Avilla, Mo., about two miles from there. The same man robbed Cozard of some money, tied him to a tree, and took his cab. From his description of the second man, the patrol believed him to have been the missing sheriff. After the sheriff's release at Kellyville, he telephoned his family and identified Bugg as the man who had robbed Cozard.

Springfield police said Bugg, a former taxi driver here, had a police record consisting of various offenses.

# Wheeler Says Nation Faces Another War

WASHINGTON, Nov. 27.—(P)—Senator Wheeler (D-Mont.) told the Senate today this nation was backing both Russia and England in a mad rush into another world war that might end civilization.

"The only aggressors today are our beloved and noble peace-loving allies," the veteran western senator said in a prepared 27-page speech opposing participation in the present United Nations organization.

Making an admittedly "gloomy" review of recent world events, the veteran western senator sharply criticized results of the war to date, the international policies of the United States leaders, and the United Nations organization.

"I will not believe that Russia wants war," the senator said. "We must quit appeasing Russia and let her know once and for all we did not fight this war to let her enslave the people of Europe. She agreed to our high principles in her hour of distress. She must abide by them now."

# Tojo Disliked Yamashita, Is Testimony

## Provoked When He Disapproved War With U. S.

MANILA, Nov. 27.—(P)—A defense witness testified today that Lt. Gen. Tomoyuki Yamashita was so disliked by Dictator-Premier Hideki Tojo that he was "exiled" to Manchuria despite his victory at Singapore.

The witness, Keichoku Yoshida, a Tokyo attorney, declared at Yamashita's trial on war criminal charges that the defendant brought down Tojo's wrath by saying a war with the United States was "undesirable."

Yoshida claimed the wide publicizing of Yamashita's trial in Japan was having an effect opposite to that intended by the Americans because the Japanese people "knew Yamashita to be such a high character that the public is in sympathy with him."

The attorney, one of a group brought here by defense attorney Maj. George Guy, asserted Yamashita was one of the "pacifist" group of former war minister General Ugaki opposed to Tojo and his henchmen.

### No Explanation

Yoshida, a personal friend of the defendant, did not say what prompted Tojo to take Yamashita from Manchuria—where he had been assigned to watch the Russians—and send him south to the Philippines, where his military career met disaster.

Earlier, Lt. Gen. Akira Muto, Yamashita's chief of staff, testified that under an intricate chain of command stretching down from Tokyo Yamashita could not have had control over Japanese military forces who put Manila to the sword.

Muto, sweating under cross-examination, said that under this system Yamashita had no authority over the Japanese naval forces, mainly accused of the atrocities in Manila during the battle of Luzon.

Once, exasperated by a long series of answers that appeared to be contradictory, Maj. Robert M. Kerr, chief prosecutor, exclaimed:

"I'm tired of this witness squirming out of testimony."

# Merry-Go-Round

by Drew Pearson

WASHINGTON, Nov. 27—Just a few minutes before word came of the paralyzing General Motors strike in Detroit, President Truman was asked at his news conference whether he was hopeful about the labor-management conference which he had called in order to bring a new era of industrial peace. Truman baffled listeners by replying that he was still optimistic.

On the way out of his office, newsmen thought they found the answer to Truman's puzzling cheerfulness. Hanging on the wall was a newly framed parchment making Truman a life member of the "Optimists International."

## Medical Raid

There are politics in almost everything these days—even health. And behind the president's important, progressive message to congress on national health appear to be some back-stage politics.

The Hill-Burton bill now before the senate was eased out of committee, some senators suspect, in order to get in ahead of the Truman health program.

Most essential part of the Hill-Burton bill is that it siphons off \$375,000,000 from the federal treasury and puts it largely under control of the so-called "hospital crowd," namely the American Hospital association, the Protestant Hospital association, the Catholic Hospital association, with their ally the American Medical association which did most of the behind-the-scenes lobbying.

Interesting fact was that the Hill-Burton bill lay quietly in the senate committee on education and labor until Sept. 6, when President Truman announced that later he was going to send a special message to congress recommending a national health program.

Until then, the authors of the bill, Senator Lister Hill of Alabama and Senator Harold Burton of Ohio (now supreme court justice) has done little or nothing to push it.

## Lister Hill Wakes up

But suddenly, after Truman's Sept. 6 announcement, the medical lobby got busy. Putting the heat under Democratic Senator Hill, they arranged for him to cooperate with arch-Republican Senator Taft of Ohio, and jacked the bill out of committee over the protests of committee chairman Jim Murray of Montana.

Senator Murray, who always has favored a national health pro-

## ROME FALLS

FURTHER south the Fifth Army offensive had been halted before strong defenses of Cassino. Some of the bitterest fighting of the war raged at this point. Determined attempts to capture the town failed in the face of fanatical resistance by crack German units—notably the 1st Parachute Division, which General Alexander termed the best German division on any front. Lt. Gen. Jacob L. Devers, Deputy Allied Commander, wrote me on 22 March:

"We are struggling here with time. On March 15th I thought we were going to lick it by the attack on Cassino and advance up the Liri Valley. We used air, artillery, and tanks, followed closely by infantry. I witnessed the attack from across the valley. It got off to a start with excellent weather. The bombing was excellent and severe, and the artillery barrage which followed it and lasted for two hours was even more severe and accurate, with 900 guns participating. Two groups of medium bombers, followed by 11 groups of heavies, followed by three groups of mediums, started on the minute at 8:30 a. m. and closed at 12:00 noon, the groups coming over every 10 minutes up to 9:00 o'clock and thereafter every 15 minutes. In spite of all this and with excellent support all afternoon with dive bombers and artillery fire, the ground forces have not yet attained their first objective. Consequently, the tanks which were to attack in mass could not get started. These results were a sobering shock to me. The infantry had been withdrawn in the early morning hours five miles to the north of Cassino. When they arrived back in the town of Cassino at approximately 1:00 o'clock close behind the barrage, the Germans were still there, were able to slow up their advance and even to reinforce themselves during the night by some unaccountable means.

"The attack is still going on but it is my opinion that all we will gain will be the town of Cassino and possibly a bridgehead over the Rapido in that vicinity; General Alexander must then stop and regroup his forces, which he hopes

program, was put in an embarrassing spot. He favored several portions of the Hill-Burton bill, among them a survey of the country to see where hospitals are needed, and the general idea of a federal subsidy of \$75,000,000 a year to

states, communities and non-profit corporations to build hospitals where they are needed. But here is the chief joker in the bill. This federal money is to be allocated not by the federal government which raises it, but by an outside council on which the American Medical association lobby and the so-called "American hospital crowd" would appoint a majority of the members.

In other words, the federal government, after putting up the money, would have the privilege of sitting by and watching private institutions dole it out without any authority over how the money was used.

This is the same scandalous proposal which has raised such a furore in two other recent cases: (1) The atomic bomb bill, which places control of the bomb's secrets in a committee of \$1-a-year businessmen not answerable to the federal government; and

to accomplish by the 15th of April."

## Selectees Fight as Veterans

After regrouping, the Fifth and Eighth Armies launched a coordinated offensive on 11 May. As the attack got underway, the U. S. VI Corps, now under Maj. Gen. L. K. Truscott, struck out from Anzio beachhead on 23 May. The attack was made by the 3d, 34th, and 45th Infantry Divisions, the 1st Armored Division, the 1st Special Infantry Battalion, composed of Americans of Japanese descent, and two British divisions. The 1st Special Service Force drove east to pave the way for a junction on 25 May with other Fifth Army forces advancing northwest along the coast. These forces included the 88th and 85 Divisions which had recently arrived from the United States and entered the line in March and April. Activated after 7 December 1941 and composed almost entirely of selectees, these two new divisions fought as veteran units in their first combat assignment, overcoming extremely heavy resistance. This was the first confirmation from the battlefield of the soundness of our division activation and training program, which was described in detail in my last report.

The units from the south then moved to Anzio from which the beachhead forces were already thrusting northeastward for the final drive on Rome. On their right the French Corps under General Juin struck into the heart of the German positions covering the Liri Valley and precipitated a general withdrawal to the north of Rome. The Italian capital fell to the Fifth Army on 4 June, two days before Allied forces began the invasion of France.

We were weakened seriously in the intense fighting along the approaches to Rome by our inability to replace the casualties promptly. On 4 February General Devers had reported:

"Casualties have been unusually heavy for the past 10 days, particularly in infantry. Clark reports the 3d Division casualties alone total 2,400 infantry. A shortage in the 34th Division is 1,300 and in the 36th Division, 3,000. Since present operations involve simultaneous use of all divisions, it is imperative that table of organization strength be maintained."

Two weeks later he again reported:

"Replacements allocated to this theater are not adequate to sus-

# General George C. Marshall

tain operations in Italy on the present scale. At the present time the United States part of the Fifth Army has an effective net shortage of 13,072 officers and men."

This shortage of men needed so desperately in our battle line resulted from the inability of the Selective Service System to meet the Army's call for manpower the previous summer. In July, Selective Service had delivered 194,000 men of the Army's call of 235,000. In August and September the Army had requested 175,000 men a month and received 131,000 in August and 122,000 in September.

## Pursuit to the North

Pursuit of the enemy was energetic even though we were now making heavy withdrawals in preparation for ANVIL, the attack in Southern France which was scheduled for August. Between mid-June and the last of July more than a division a week was withdrawn from the forces in Italy to train and stage for this operation. The 45th was ordered out of the line on 14 June, the 3d on 17 June, and the 36th on 27 June. The United States IV Corps under Maj. Gen. W. D. Crittendenberger moved into the line in place of the VI Corps, which has been withdrawn 13 June. The French Corps of four divisions (1st Motorized Moroccan, 3d Algerian Infantry, 4th Moroccan Mountain, and 2d Moroccan Infantry) were withdrawn between 2 and 21 July, and replaced by the II Corps which had been out of the line for a rest.

To compensate partially for this heavy drain on his resources and to utilize more fully antiaircraft units which were no longer required in such large numbers as a result of our increasing air superiority, the theater commander retrained several groups as infantry to form the 473d Infantry. At the time the 442d Infantry Regiment, composed of Americans of Japanese descent, was fighting with distinction on the left flank of the Fifth Army. Thus, by the end of June, Pescara, 95 miles east of Rome, had been captured and the Allied line extended across the peninsula through Lake Trasimeno. In July the Fifth and Eighth Armies gained 50 miles. After heavy fighting lasting two weeks, Florence fell to British troops of the Fifth Army. Five days later, the Eighth Army had passed through the Apennine Divide, and on 21 September captured Rimini in the valley of the Po.

(2) the federal aid bill for scientific research. It is also the same principle at stake in the U. S. employment service, whereby the U. S. government puts up the money and the 48 states have the privilege of spending it—with all the lush political patronage that goes along. Building up a local political machine at the expense of the federal government is the fashion these days in congress. Interesting thing to watch will be whether the senate now rushes the private hospital bill through, or waits to consider Truman's comprehensive health program for the benefit of the entire country.

Senator Overton's Office Help

Senator John Overton of Louisiana is a mighty liberal man when it comes to paying his staff, especially when they happen to be relatives. For some years both his daughters, Katherine and Ruth, were on the congressional payroll. Katherine got married and no longer sips at the public trough, but Ruth Overton still receives more than \$2,200 a year.

Senator Overton is also pretty liberal about time off for his help, especially when they are kinfolk. Recently Ruth had an enjoyable vacation in Cuba. Not so, however, for a tired mother of a heroic serviceman, Mrs. Julia Kearns, who works in the senator's office.

Mrs. Kearns' son has just returned from two years overseas with the Marines, where he was in many major battles including Iwo Jima. However, when it came time for Mrs. Kearns to go back to Louisiana to visit the boy she worried so much about, the senator limited her to exactly one week, though the railroad trip alone takes four days.

Franco's Ambassador

There is one ambassador in Washington whom both diplomats and high officials are watching more carefully than all the rest. They are especially interested in his health and his tenure of office.

He is the genial, roly-poly Brazilian ambassador Carlos Martins. Reason for the interest in Martins is not his pink shirts or his lovely wife — though both are spectacular — but because, if he resigns, the Fascist envoy of Dictator Franco is likely to become dean of the diplomatic corps.

At present Ambassador Martins is dean of the diplomats. He has served in Washington longer than any other ambassador, therefore precedes all others at dinners and has the right to be their spokesman. Popular despite his pink shirts and passion for bridge, Martins has been a real friend of the United States. Many people would regret his departure.

But aside from personal popularity, they would regret even more having Spanish ambassador Juan Cardenas become dean of diplomats and cock of the walk in the diplomatic corps.

At present Venezuelan ambassador Diogenes Escalante is in

# Nazis' Last Stand Broken by Custers

By NEA Service

Two weeks after the 65th Infantry (Custer) Division had assembled in Italy, it was thrown into action. After four days of bitter fighting, a cruel acclimatization to combat, the Custer men had beached the Gustav Line.

Speeding north, the 85th trampled over the famed Hermann Goering Panzer Division, and made a triumphant entry into Rome June 4. They kept going right out the other side of the Eternal City in hot pursuit of the Germans, and chased them 40 miles before being relieved.

After a relatively quiet summer, the Custer men were given the job of hacking away at the Nazis' Gothic Line. The mission was accomplished with the capture of Altuzzo, keystone of the defense, and the Custer men chased the Germans northward for 45 days of running fighting, pulling up at the threshold of the Po Valley.

In April, the 85th broke loose on the Po plain, dashed over the Po River, moved quickly through Verona, slashed into the Alps and, by sealing off the Brenner Pass, trapped the remnants of the shattered German Tenth Army, which surrendered en masse.

As a final contribution, the Custer men uncovered millions of dollars worth of Nazi loot—including gold and invaluable works of art. In the Alps, they released such notable prisoners of the Germans as Martin Neimoller, Leon Blum, Kurt Schuschnigg and Fritz Thyssen.

line to become dean, but has been seriously ill; in addition to which a new Venezuelan president has just come into power. So it is doubtful if Escalante can remain active in Washington.

That is why, with the exit of Brazilian President Vargas, state department officials are hoping that the new head of Brazil will keep Ambassador Martin in Washington.

When rising from a dining table, it is good form to let the chair remain where it is, instead of pushing it back into place.

# Looking Backward Forty Years Ago

The reception to be tendered tonight to the new members of Sacred Heart parish promises to be one of the most pleasant events of the season. Over three hundred invitations have been issued, many out-of-town guests being among the number who have signified their intention of being present. Knights of Columbus hall has been beautifully decorated for the occasion with potted plants, ferns and cut flowers.

The Missouri Pacific railway company has adopted the motor car for the use of superintendents, trainmasters and roadmasters, and they will be put in use as fast as the manufacturing company can turn them out. The one received here, which is supplied with a Fairbanks, Morse & Co. engine and machinery, is a 12-horse-power car, with a seating capacity of from 9 to 12 adults, has a glass front, a pilot and headlight, with a canopy top and the whole can be inclosed with curtains to keep off rain and snow. The cost of the car was \$1,000.

J. W. Mellor has purchased of W. E. Bard a lot on the south side of Sixth street, near Quincy avenue, for \$1,000 and will erect a modern dwelling next spring.

The Old Missouri distillery, owned and operated by L. Wagner & Son, North Missouri avenue and West Pacific street, is now in successful operation and is turning out a daily produce of 105 gallons of whisky. The product of the distillery is bourbon whisky, distilled from Pettis county corn, redistilled Flat Creek

# FARMERS TO BENEFIT from new telephone developments

The telephone company is preparing a wide-range program to extend and improve farm telephone service. The goal is to bring telephone service to the greatest possible number of farm families.

Before the war, new devices and methods to serve rural areas were being tested and developed. Among them are stronger wire that takes fewer poles, a new type of wire to bury underground, a way to send telephone conversations over electric power lines, and possibly a radiotelephone system to reach outlying regions.

The farm job is not a new job—nearly 400,000 farm families have had telephones put in since 1940. But there's room for many more, and room for improvement. We're exploring every means of making farm telephone service better and easier to get.

# The real "take-home"

If wages go up and output does not—living costs rise. Then a man may be no better off than he was in the first place.

As a matter of fact, he may be worse off. Because that's the start of the inflation spiral with its mounting cyclone of confusion. And once the spiral starts, prices usually keep two jumps ahead of wages.

It doesn't help to have \$2 to spend instead of \$1, if eggs go to \$1. then \$1.50, then \$2 a

dozen—and butter and bread and shoes and shirts double, then triple, in price.

That's the trouble with the theory that you can increase buying power simply by raising wages.

The most important thing isn't what a man makes in wages per week—

The most important thing is how much he can buy with the wages he makes.

The "take-home" that really counts isn't what you take home in pay, but what you can take home from the store!

## Sixteen Bills Get Approval

### Ten Through The House And Six In The Senate

JEFFERSON CITY, Nov. 27—(P)—Sixteen bills slipped through the Missouri legislature with a minimum of controversy Monday in the lawmakers coming back to work after their Thanksgiving recess.

Legislation to fit the 1945 constitution had the right of way in both houses and senate leaders promptly tackled one of their biggest problems by scheduling a conference for tomorrow with Gov. Phil M. Donnelly to discuss assignment of subsidiary boards to the 14 executive departments authorized by the new charter.

The governor said he completed an outline of executive assignments and was ready for a second talk with the senate heads.

As the assembly eased back into the lawmaking groove, the senate passed and sent to the governor one of the key procedural bills in the big revision program. It would allow the two houses, by resolution, to fix a date for new laws to become effective 90 days after the start of a 30-day recess.

Without such a law, the only acts which could go into effect in time to meet constitutional requirements would be those carrying emergency clauses. Tentative plans call for both houses to take a 30-day recess sometime next spring so that all laws enacted up to that time may go on the books.

Routine revision measures, mostly dealing with changes in the tax system and establishment of magistrate courts to replace justices of the peace, made up the bulk of other bills passed today. Altogether the house disposed of ten and the senate of six. Many must return to the chamber where they originated for concurrence in amendments.

A bill introduced in the Missouri house of representatives today re-opened a long standing fight over the appropriation for the state park board.

## About 900 Servicemen Out Of Service Report To Board

Approximately 900 discharged servicemen have reported to the Pettis County Selective Service Board, nearly one-third of the men who served in World War II from this county, according to Miss Erna Ann McClure, chief clerk.

Draftees numbered 2,600 in round figures, with enlistments and mobilization of two National Guard units early in the war bringing the total military representation from Pettis county to around 3,000.

The figure of returnees increases almost daily.

The number of discharge certificates recorded at County Recorder John Ryan's office in the court house totaled 1,734 Monday. This larger figure is explained by the fact that newcomers to the county and transient veterans go

to that office to have civil records of their discharge papers made. Veterans are advised to take this measure of having their release affidavits preserved as soon as possible upon discharge.

#### Must File Notice

All men registered in Pettis county must file notice of their discharges with the local board so that the records may be completed and the men reclassified as discharged veterans.

Notification may be presented to other draft boards if the veteran does not immediately return to his home county, and the notices are then forwarded to the local boards for permanent filing. The reclassification cards in such cases are mailed to the dischargers.

There are no official figures available at present on the men who will not return, those who lost their lives in service.

## Two Sedalians Review Parade

LEXINGTON, Mo.—Hugh L. Kearney, Sedalia, Deputy Chief of Staff of the Missouri Department, and H. C. O'Neill, Sedalia, Post Commander, were among the Missouri Veterans of Foreign Wars officials who reviewed the Lexington Military Academy regimental parade held Sunday at 2:00 p. m. The Sedalia officers were in Lexington attending the Sixth district convention of the organization.

Immediately following the dinner served in the auditorium at 12:30, the veterans and auxiliary members were taken to Lexington in special cars to witness the cadet corps pass in review.

Col. James M. Sellers, superintendent, and a veteran and hero of World War I, officially greeted the V. F. W. officers and introduced them to the 400 visitors who were on hand for the event. Immediately after adjutant's call, Kearney and O'Neill took their positions alongside the corps staff and received the parade.

## Sgt. Harmon has His Discharge

Mr. and Mrs. Lloyd Harmon and Mrs. Clarence Harmon, 605 West Second street drove to Ft. Leavenworth, Kas., Sunday to return with their son and husband, S/Sgt. Harmon, radar mechanic RCM, who has received his military discharge.

Of three years spent in the army air force, Harmon spent 16 months with the 20th air force in the western Pacific air offensive of Japan, China, East Indies, Central Burma and the India-Burma theater. He has received the Asiatic-Pacific theater ribbon with seven battle stars, the American theater ribbon, Good Conduct medal and Presidential Unit Citation ribbon.

### Three Actions For Divorce Are Filed

Three divorce suits were filed Monday afternoon in the Pettis county circuit court. They are:

Paul W. Biggs versus Mary Kathryn Biggs; married December 7, 1940, and separated November 26, 1945. The plaintiff, whose attorney is Leo J. Harned, asks for care and custody of four-year-old daughter during the summer and for the privilege of seeing the child at reasonable times.

Roberta Dewan versus George W. Dewan; married May 22, 1944, separated July 31, 1945. The plaintiff, whose attorney is D. S. Lamm, asks for restoration of her maiden name, Roberta DeWitt.

Mary Brown, a minor, through her next friend, Mary Weathers, versus Roy Brown, a minor. Married November 8, 1944 and separated October 20, 1945. Harned is attorney for the plaintiff. The petition states the defendant is in jail in the state of California. Mrs. Brown asks for restoration of her maiden name, Mary Weathers.

**New Plant at Louisiana, Mo.**  
JEFFERSON CITY, Nov. 27.—(P)—A new synthetic liquid fuels plant to be established at Louisiana, Mo., will be a harbinger of prosperity for middle-west coal producers, in the opinion of Hugh Denney, director of the Missouri Resources and Development department.  
"The state department of resources expects to cooperate with the U. S. bureau of mines in finding new uses for the by-products of the synthetic fuels plant," Denney said, when informed of the federal government's decision to convert the wartime Missouri ordinance at Louisiana into a peacetime experimental station.  
The U. S. bureau of mines will take possession of the ordinance works on Dec. 15. R. R. Savers, chief of the bureau, said yesterday.

**Demands are Unreasonable, GM Charges**  
**CIO Contends GM Has Committed 'Flagrant Violations'**  
DETROIT, Nov. 27.—(P)—The CIO United Automobile Workers union renewed today its contention that General Motors' rejection of its negotiation proposals in the current nation-wide strike constituted "flagrant violation" of the National Labor Relations act.  
Walter P. Reuther, UAW-CIO vice president, made public a supplemental brief prepared for filing with the regional national labor relations board in which the union asserted the corporation "does not recognize any obligation to engage in collective bargaining."  
In a letter last night GM said a "situation of lawlessness" had been created by the union at strike-bound plants and that no settlement could be negotiated "while such a situation exists."  
The UAW brief today said the corporation letter was "a direct incitement to a prolongation of this strike" and "a statement that the corporation will not discuss the wage issue further unless and until the union stands ready to abandon its right to bargain under the (National Labor Relations) act."  
"Illegal Picketing"  
In its reply to the union's request for resumption of wage talks, the GM management assailed what it termed the "illegal picketing" to prevent office employees from entering the plants.  
Further widening the rift was the question of what should be discussed at any negotiating sessions relative to the union's 30 per cent wage increase demand.  
"It should be clear to you and all others that we will not negotiate with your union regarding our selling prices and profits," said GM vice president H. W. Anderson in a letter to the UAW-CIO.

**'Outside Man' Won't Take Job**  
MOBERLY, Mo., Nov. 27.—(P)—Despite action by the city council in backing up his appointment as fire chief, W. K. McCune, Kansas City, announced today he would not undertake the job in face of a threatened walkout by city firemen.  
McCune said he was returning to Kansas City tomorrow to resume his former job with Pratt Whitney. Meanwhile the firemen, who announced they would leave when McCune took over at noon today, remained on the job.  
At a special session this morning the city council repealed the section of an old ordinance which required a year's residence by the fire chief. Councilmen sought to change McCune's decision but he insisted he couldn't be a "one-man department" or accept a place as chief with an entirely untrained force.

**Order General Courtmartial**  
WASHINGTON, Nov. 27.—(P)—The navy today ordered a general courtmartial to try Capt. Charles B. McVay, III, commander of the cruiser Indianapolis which was lost in the Philippine sea, July 30, 1945.  
**Briggs is on House Problem**  
WASHINGTON, Nov. 27.—(P)—Senator Briggs (D-Mo) is going to try to get government agencies to do something about a serious housing shortage in Missouri's larger cities.  
Just back from Missouri where he visited many sections of the state, Briggs told a reporter he found a housing shortage in all areas including Kansas City, St. Louis and St. Joseph.

**Picket Line Boos and Cheers**  
KANSAS CITY, Nov. 27.—(P)—Boos and jeers from a 150-man picket line greeted non-striking workers going to their jobs today at Montgomery Ward's retail store here as a "demonstration" strike entered its second peaceful day.  
A detail of 16 policemen carrying night sticks held the picket line open as employees arrived for the day's work. There was no disorder, and police joked with the pickets in the line.

**Radio Room at Police Headquarters**  
A radio room is being built in the police station at the city hall, in which the police dispatcher will be on duty. Due to rulings of the FCC it is necessary to have the radio room at police headquarters at all times, and the present arrangement at police headquarters is too public.  
The room is expected to be completed this week after which a radio engineer will move the radio equipment into this new location.

**OBITUARIES**  
**Alexander C. Ford**  
Alexander C. Ford, aged 76, of the Terry apartments, died at 11:30 o'clock Monday night at the Missouri Pacific hospital, St. Louis, where he had been a patient for about a week.  
He had been associated with the railroad for about half a century, and ten years ago retired as air supervisor for the Missouri Pacific.  
Mr. Ford was married, at St. Vincent's church, in Sedalia, to Miss Georgia Canning, November 21, 1894. She survives him as does one daughter, Mrs. Nadine Stohr, wife of George Stohr, 510 West Sixth street. Both were with Mr. Ford when he died. Surviving also are three granddaughters, Mary, Jo Ann and Cathleen Stohr, and one brother, W. S. Ford, of St. Louis.  
Funeral services will be held at St. Patrick's church at 9:00 o'clock Thursday morning. Burial will be in Crown Hill cemetery.  
Friends will recite the rosary at McLaughlin's chapel at 8:00 o'clock Friday night.  
The body will arrive in Sedalia this evening.

**Henry Alphonso Conway**  
Henry Alphonso Conway, a former Sedalian, died suddenly Saturday, November 24, at his home in Dallas, Texas.  
"Phonny" Conway, as he was best known in Sedalia, was born October 11, 1894. He was reared in Boonville, and after attending Central Business College in Sedalia he entered the employ of the Missouri Pacific Railroad company, and was associated with the late W. T. McCutcheon in the company's claim department, with headquarters in Sedalia.  
He moved from Sedalia to Dallas, Texas, where he had since resided.  
In October 1933 he was married to Mrs. Leota Martin. She survives as do one son, Robert, a stepdaughter, Mary Jane Timmons, who was married Thanksgiving day, and a sister, Miss Katherine Conway, of Boonville, who was visiting in the home of her brother at the time of his death.  
Funeral services will be held at 2:00 o'clock Wednesday afternoon from the A. Kohn chapel, 2707 North Grand boulevard, St. Louis. Interment will be in Calvary cemetery, that city.

**T. R. Yeager Service**  
Funeral services for Thomas Riley Yeager, 75, retired mail carrier and farmer of the Beaman community, who died Sunday night at the Bothwell hospital, will be held at 2:30 o'clock Wednesday afternoon at the Salem church with Rev. E. F. Dillon, of Smithton, to officiate.  
Pallbearers will be Ralph Grimes, Ed Carey, Sam O'Neal, William O'Leary, Ivan Grimes and Herbert Maddox.  
The body is in the Gillespie funeral home.  
Burial will be in Salem cemetery near Beaman.

**Mrs. Margaret Strain Service**  
Funeral services for Mrs. Margaret O. Strain, 76 years old, who died at the family home, 1320 South Brown avenue Saturday night, were held at 2 o'clock this afternoon at the Gillespie funeral home, with Rev. Hallie Rice, pastor of the East Sedalia Baptist church, officiating.  
Mrs. W. O. Maness and Mrs. A. B. Allen sang "Beautiful Isle of Somewhere" and "When the Roll is Called up Yonder" with Mrs. Benny Cramer as the accompanist.  
Pallbearers were A. R. Allen, C. D. McMurren, C. W. Thomas, James Myers, Kent Johnson and Ben W. Corson.  
Burial was in Memorial Park cemetery.

**Saturday is Pink Slip Day**  
WASHINGTON, Nov. 27.—(P)—Saturday will be pink slip day at the war labor board.  
About 1,000 of the 1,500 members of the staff will be notified that their wartime jobs will end one month hence, January 1.  
The others will remain with the wage stabilization division, whose chief job—until the stabilization act expires next June 30—will be to head off wage cuts.  
This task arises from a provision in the act requiring government approval for any cut in basic pay below the level paid for the same job between January and September 15, 1942.  
At one time WLB employed 2,500 persons in Washington and in its regional areas.  
The stabilization division, which will carry on as a unit of the labor department, will be a streamlined version of the war labor board—with a six-man board instead of 12.  
The 12 regional boards will be cut to six members each, with only the chairman on a full-time basis.  
The division will start handing down decisions in another week, according to one WLB official.

**Reports Sale Of Mining Co.**  
Elvin Gordon, of the Sedalia Mining Co., a former Sedalian, was a visitor here Monday, and reports the sale of the Company to the Elvir Gold Mines Quebec Co., of Canada, which is said to have a capitalization of four-million shares.  
The transaction, according to Mr. Gordon, resulted in the Sedalia Mining Co., receiving \$700,000 for their properties, and the Sedalia organization will remain as a holding company until other properties can be obtained.  
Mr. Gordon, who formerly operated the Gordon Products Co., here, recently moved to Kansas City, with Mrs. Gordon and their four children, Arthur, Gerald, Roberta Francis and Elaine Merle.

**James F. Stubbs Home on Leave**  
James F. Stubbs, Radarman 2/c United States Navy, is spending a thirty-day leave visiting with Mrs. Stubbs and their daughter Nancy, at their home 1212 South Carr avenue. Following his leave he will return to Kansas City where he will receive his discharge.  
He has been at sea for the past year aboard the USS Riverside, a transport ship. He entered the service on May 1, 1944.  
Stubbs prior to entering the Navy was a member of the Smith-Cotton faculty.

**E. O. Johnston Held at Tulsa**  
Eldon O. Johnston, a former Sedalian, who was released in October from the Oklahoma penitentiary, McAlester, Okla., has been apprehended in Tulsa, Okla., and is being held for investigation in connection with the giving of several worthless checks in and around that place.  
Johnston recently came to Sedalia and passed an alleged worthless check to G. R. Janssen of the Janssen Motor Co., on east Third street, in payment for a 1941 Ford coach. The check was for more than \$1,000. Upon learning of Johnston's record and checking to ascertain if the check was good, he notified the police who broadcast over the state network for his pickup.  
The car was found Friday at Claremore, Okla., abandoned.  
In the meantime Johnston had been apprehended at Tulsa. Sheriff E. W. Goetz went to Claremore to return the car and topped at Tulsa, but officers would not release him to the Missouri officer. However, they indicated as soon as they were through with him, he would be detained for Sheriff Goetz.  
Johnston has served a sentence in the Illinois prison at Joliet, Ill., and a seven year term in the Oklahoma prison.

**Sgt. L. L. Homan Has Discharge**  
Sgt. Leo L. Homan, son of Dave Homan of Ottaville, received his honorable discharge from the army November 18 at Jefferson Barracks after three and one-half years in service.  
Homan spent 18 months with Hodges' First army in Europe, serving with an anti-aircraft unit of the Ninth Armored division. He was wounded on Christmas eve, 1944, in the Battle of the Bulge and sent to a hospital in England. Some time later he returned to his unit and since V-E Day had served in the Army of Occupation with headquarters in Munich, Germany.  
He wears the ETO ribbon with three battle stars denoting participation in the battles of the Rhineland, Central Europe and the Ardennes, the Good Conduct medal, the European-African-Middle East theater campaign ribbon and the Victory ribbon. The sergeant was awarded the Bronze Star medal for rescuing a wounded buddy under open machine gun fire.

**Former Prisoner of War Comes Home**  
Ben Winters, 1801 South Park avenue, received his honorable discharge from the army under the point system on November 26 at Ft. Leonard Wood, and has arrived home.  
Mr. Winters entered service on February 28, 1943 and was overseas seven months. He was taken prisoner last December and was a prisoner four months. He was a sergeant in the army and has the good conduct badge, combat infantry badge, American theatre ribbon, European theatre ribbon, African theatre ribbon, Middle Eastern theatre ribbon and three battle stars for the Ardennes, Rhineland and Central Europe campaigns.

Mrs. E. G. Shepherd, Jr., of Kansas City and Mr. and Mrs. Henry Bultemeier and son, Ralph, of Independence spent Thanksgiving with Mr. and Mrs. Austin Silsby, 2201 East Tenth street. Miss Betty Knutz, also of Kansas City, rode to Sedalia with them to visit her parents Mr. and Mrs. Nick Knutz of north of Sedalia. Mrs. Shepherd, Miss Knutz and Mr. Bultemeier returned to Kansas City Thursday night and Mrs. Bultemeier and son remained over the weekend to help care for Mr. Silsby, who is now better after several weeks of illness.

Dr. Francis English of the Missouri university, Columbia, spoke Monday afternoon at Sorosis on the interesting subject of "Saving History."

Dr. English, historian, said that only in the last two and a half years an effort had been made to arouse the Missourians and the middle westerners to the importance of saving history and that he would appreciate letters, diaries or manuscripts of any type which would help give the background of the people in this section from the pioneers on down to the present time.

The Missouri university received a grant from the Rockefeller Foundation for collection of historical manuscripts. Personal or business correspondence, diaries and business records are of prime importance in writing history because they would probably give detail to a point in history and for that reason a good deal of money must be spent to preserve them.

Americans are unusual. Our system of democracy has grown up on this side of the Appalachian mountains in the last 125 years and the building of this democracy must be written around the people, not just the leaders, for all people have had a part in its progress.

In explaining America in all its various ways, the speaker said, "We are just getting started. For instance there is no history of women's forward movement from the life of the frontier women up to the women of the present day with their modern living, their clubs and organizations, their part in politics and government, and they are certainly an important part of democracy."

"There is no history of the vital part that the lawyer has played in American progress and how they fit into the picture. People often have the wrong conception of lawyers but lawyers have had

a great deal to do with the shaping of democracy. They have been influential in the improvement in education, in churches, in all civic affairs.

"Not only the lawyer and his advancement has helped to build America but the preacher, the doctor, the farmer, the railroad man, the business man, men in all lines of work have had a part in the history of our country. "History is not just something in books to be studied by children in school, it is an important record of the people. Most history is not written. The way the historian unfolds the story is important. He has to recreate the age long past and that history must come from records, not from memory.

"Man is significant. History comes from the common people," the speaker said. "This was just finished is supposed to be the best recorded war we ever have fought, yet much of the most valuable information from the letters of the men who fought the war will be destroyed within the next ten years, with the coming of peace and happiness. Thousands of those letters will be burned now that the war is over and the loved one is again home."

Dr. English said that he had a dozen letters from soldiers in the Civil war but from World War I he had but two.

A nation should want to preserve its history, the speaker said and Missouri has made a good start. There are too few people interested in saving history, two little space an dtoo little time devoted to this very important task. Pettis county, he declared, is doing a nice job.

Dr. English was introduced by Miss Helen Bowers, Current Topics chairman.

In the absence of Miss Etta Hurley, civics chairman, the president, Mrs. Austin Hurley announced that Miss Georgia Ann McLaren of Kansas City, social welfare worker, will be next week's speaker and a luncheon will be served at 12:30 o'clock Monday afternoon in her honor.

Miss Juanita Raines, daughter of Mrs. Irene Raines, 1213 East Seventh street and John C. Alford, son of Mr. and Mrs. A. J. Alford of Apalachicola, Fla., were married at 10:30 o'clock Monday morning at the parsonage of the Fifth Street Methodist church, with the Rev. H. U. Campbell reading the service.

The bride was attired in a two-piece ensemble of aqua with black

accessories and a corsage of pink and white carnations. The matron of honor, Mrs. Ralph Hamilton, sister of the bride, wore navy blue with black accessories and a corsage of red carnations.

The couple departed shortly after the ceremony for a brief honeymoon before leaving for Florida where they plan to make their home.

The bride is a graduate of Smith-Cotton high school. Mr. Alford, who was discharged from service two months ago, was stationed at the Sedalia Army Air Field before serving for two and a half years overseas as a corporal.

Mrs. Belle Mabry, 1219 South Osage avenue, had as her Thanksgiving Day guests Mr. and Mrs. Sam Evans, of Marshall; Mr. and Mrs. Leonard Mabry and daughter, Virginia Lee and Miss Clara Belle Mabry, all of Kansas City. **MOTHER—** Why Work So Hard On Washday?

Why drop everything while you "cook" your laundry starch? You don't HAVE TO, Mother. Just use Faultless Starch and your starch cooking job is ended forever. No more standing over a hot stove, watching and stirring that boiling starch until it turns clear. You simply make perfect hot starch with Faultless Starch like this:

1. Cream Faultless Starch with a little cool water
2. Add boiling water while stirring

You're through! No cooking! Perfect, clear, hot starch ready to use in barely a minute!

...her, you DESERVE Faultless Starch. Save time each washday. Save work. Your grocer has Faultless Starch.

**NO COOKING**

Sedalia Chapter No. 57, O. E. S. will meet in regular session Tuesday evening Nov. 27 at 7:30 o'clock. Visiting members welcome. Memorial service following the closing of the chapter. Friends invited to attend. Madeline Gill, W. M. May Highleyman, Sec'y.

Farm names can be trademarked.

## Warning for Business Men

Chief of Police Anson Finnell stated today that the U. S. Secret Service had requested his co-operation in warning businessmen against check thieves and forgers, who are likely to become active during the rush of the pre-holiday shopping season.

"Now is the time for merchants to talk this matter over with their employees," Chief Finnell said. "All clerks and cashiers should be cautioned to be even more careful than usual in accepting either Government or commercial checks from strangers."

The Chief referred to a campaign to prevent check forgery which has been conducted for the past several years by the Treasury Department and police departments throughout the country, and mentioned the following precautions which should always be observed by business houses which cash checks for customers.

1. When any stranger asks you to cash a check, insist that he properly identify himself as the rightful payee of that check.
2. Before you accept any check, ask yourself this question: "If this check is returned because of a forged endorsement, can I locate the forger and recover my loss?"
3. If a check is already endorsed when it is presented to you, insist that it be endorsed again in your presence and compare the handwriting.
4. Have each check initialed by the employee who pays out money for it.

*A Pledge for all of us*

**Well, it's over . . .**

We came through the greatest danger in our history, to our greatest victory.

The price of that victory—in blood and in money—was high.

We can thank God that the price in blood is paid in full. There will be no more deaths in battle, no more new casualties.

But the price in money is still not quite paid!

Your money is still needed by the men who helped to pay in blood.
